Agriculture and Food Development Authority

The Irish Agriculture and Food Development Authority
Remarks at Launch of Teagasc Annual Report 2012

Professor Gerry Boyle, Director
21 October 2013
Mission

To support science-based innovation in the agri-food sector and wider bioeconomy so as to underpin profitability, competitiveness and sustainability
Teagasc Goals

GOAL 1
*Improve the competitiveness of agriculture, food and the wider bioeconomy*

GOAL 2
*Support sustainable farming and the environment*

GOAL 3
*Encourage diversification of the rural economy and enhance the quality of life in rural areas*

GOAL 4
*Enhance organisational capability and deliver value for money*
The Teagasc Model of Innovation
Teagasc Programmes

- Animal and Grassland

Teagasc Change Plan 2014-2016

How to deliver on the increasing opportunities and demands for science, technology and innovation in view of challenges arising from:

- Reduced staff resources and lack of critical mass in key areas
- Reducing non-pay budget
- Sourcing capital for ongoing investment
- Retaining key staff and recruiting new high-quality staff
- Inability to reward high level staff performance
Teagasc’s New Strategic Directions

- Focus on programme prioritisation … curtain or eliminate low priority activity
- Continue to deliver key programmes in support of FH2020 and other national policies
- Key focus on developing sustainably intensive farming systems
- Strengthen our innovation-support role for Irish food cos to underpin the growth of the agri-food sector and enable it to contribute to overall economic growth, job creation and national environmental and social outcomes
- Continue the process of organisational change in line with the Public Sector Reform Plan to ensure that we continue to deliver value for public money
