

Launch of COFORD SupplyChip Report.

Facilitating the Supply of Energy Wood from Forest To A Major Energy User 2012-2030

In

**Ballaghaderreen, Co Roscommon
16th October 2013**

**Willie Murphy , Operations Manager
Aurivo Dairy.**

Key Factors for Aurivo Coop choosing to partner with HDS Energy include :

HDS Energy has a proven track record for delivering complex energy projects. HDS Energy displayed a significant level of understanding of the milk processing business and have brought proposals to Aurivo Dairy Ingredients to deliver on their Energy strategy for the dairy ingredients business.

HDS Energy & Aurivo Coop have formed a working partnership to further improve the overall site energy efficiency at Ballaghaderreen through a structured approach involving the following :

- Replacement of Heavy Fuel Oil with indigenous biomass**
- Phased introduction of electrical generation through the move to CHP**
- The reduction in energy consumption of the core milk processing activity on the site**
